EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Park's agent on September 7, 2004.

The application has been amended as follows:

Claim 1, line 14 the word "table" has been changed to -- tablet --.

The abstract has been replaced by the following:

An automatic tablet dispensing and packaging system includes a tablet packaging unit and a tablet dropping unit that have door cabinets and slider cabinets. The packaging system comprises a front hopper for the door cabinets, and rear hoppers detachably mounted in the base plate to minimize the rebounding of the released tablets, and kinetic force of the tablets being dropped via the corresponding channel.

2. The following is an examiner's statement of reasons for allowance:

The dispensing and packaging system having rear hoppers positioned in the rear of a front hopper to receive and to guide tablets released from slider cabinets to the packaging unit, and the bottom of each rear hopper not leveled to reduce the rebounding of the tablets in the combination set forth in claims 1 and 9 are not disclosed, taught, or suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
